PROJECTS

ARMY WELFARE DONATION WEBSITE
- Designed and developed a **Army Welfare Donation Website** from scratch using **HTML, CSS, PHP & MySQL via XAAMP**, focusing on to know more & more about our Indian Armed Forces.
- Built a Donation Form where people can directly donate the money to the army's welfare fund.
- Created a **structured MySQL database** to efficiently **store** and **manage user's name, mobile no., email id, amount** and other details.

GYM WEBSITE
- Designed and developed a responsive **gym website** using **React.js** to show the various gym features and plans or packages.
- Used **EmailJS** to receive messages from users who want to join the gym.
- Created a **BMI Calculator** which helps others to know about their health condition & told them who are underweight, normal weight or overweight, according to their BMI.

RESTAURANT WEBSITE
- Built a responsive **Restaurant Website** named **ZEST** using **React.js** to attract the people, showcase the menu, location and ambience.
- It also provides essential information like opening hours, contact details, etc.
- Created a reservation form which helps people to reserve the table in advance which can prevents the reservation conflicts.
